

Brownell Briefing

#5

Joyful Sabbath!

The end is near! Only five days of school left!

On May 20th we got the chance to travel to Montpelier to go to the Vermont Historical Society Museum and the State House. If you have not been to the museum I highly recommend it! It was very interesting, especially if you can get a tour guide.

May 24-26 the Charlestreams and I went to Boston for Andrew's class trip. It was a lot of fun! We walked the Freedom Trail, took a historical cruise, and went to the science museum. On our way home we went paintballing, which was a first for me. I had been dreading the inevitable pain and was sure that Andrew would repay me for all of the hard work I made him do this year. I was surprised to find out that I really enjoyed myself, and would do it again!

This past week was Career Week, and many people donated their time to share their careers with our students. On Tuesday we were able to go to the Brigg's farm. We were shown how the farm operates, and were even able to feed the calves! Before we left we were able to sample a dairy product in the form of yummy ice cream. On Wednesday Brian and Lydia came in and did a wonderful presentation about respiratory therapy. On Thursday Pam came in and told us about her career

teaching the visually impaired and the blind. The students were able to do blind simulations so that they could get a small taste of what it would be like to have reduced or no sight. And on Friday, we were able to go to Dan's office and learn all about orthodontics, while having fun at the same time!

Next Thursday is Andrew's graduation. We hope to see you all here at the church at 7 P.M. The graduation ceremony will be short (since there is school the next day) so please plan on coming out!

If you have not had a chance to view our school website please do so at:
